RALEIGH IN BRIEF.

Some of The Folks You Know and LOCAL HAPPENINGS IN AND AROUND THE CAPITAL.

Short Items of News Gathered on the Fly by the Chronicle's Reporters.

A new grocery is to be opened on Wilmington street by Mr. D. F. Fort. Three new convicts from Buncombe

county were put in the Penitentiary yesterday. A game of baseball will be played at

Athletic Park on Monday by the Raleigh and Durham colored clubs.

Rev. O. L. Stringfield will preach at the Third Baptist Church this evening at 8 o'clock. All cordially invited.

In the absence of Rev. Dr. J. J. Hall, Rev. Dr. C. Durham will preach at the Baptist Tabernacle to-day and to-night. R. S. Pullen, Esq., Raleigh's most philanthropic and public-spirited citizen,

is building some handsome cottages in

west Raleigh. One of the yard engines ran off the track at the Raleigh & Gaston yards yesterday. Nobody hurt but the accident caused a bit of inconvenience.

Wm. G. Hill Lodge, No. 18, A. F. and A. M., will assemble in regular communication on to-morrow (Monday) at 8:15 p. m. Visiting brethren are invited.

Rev. Dr. J. H. Cordon, D. D., will preach a special sermon to the R. & G R. R. Relief Association in Edenton Street Methodist church this morning | State Alliance. at 11 a. m.

The crop reports received at the national department of agriculture show that North Carolina is leading all the southern States in the matter of good Raleigh has a new tailoring establish

ment conducted by Messrs. Royster and Crawford. It is located in the second story of the building formerly occupied by M. D. & J. D. Edwards. There was a game of base ball played

tween the Hard Hitters and the Paint day. Buckets, of this city. The score was 12 to 18 in favor of the Paint Buckets. The talk about the coming fair is edg-

ing in among the talk about politics and booms. It will be a great fair. The agriculturnl prospects promise that. Next year is exposition year. Don't forget it.

Mr. A. Dughi, the popular ice cream man had a good laugh yesterday at his own expense. He was moulding a number of fancy ice cream figures for a his physician. He is accompanied by special order. A young fellow came along and slyly slipped two or three of the figures into his hip pocket. Mr. Dughi's little girl saw the trick and gave her father the hint. The young fellow started away, but Mr. Dughi called him back on a pretence of business. He inveigled the fellow into a room where a little steam engine was running, and managed to back him up close to it. And he kept that fellow ray. there till he was one awful, sticky, telltale mass of melted ice cream from his waist-band down to his heels.

A MINE OF TAR.

A Curious and Interesting Freak Discovered Near Raleigh.

The old "Tar, Pitch and Turpentine State" is about to show up the greatest conceivable possibilities in that line. The old State has the greatest possiblities in everything if they were only known and developed.

But the matter of interest now is what appears to be a mine of actual tar which has been found on Mr. R. S. Pullen's land, about four miles from the city. The substance, whatever it is, comes from out the side of a bank of earth in a stream about the consistency of putty. This stream (if it may be called a stream) forces its way out of the land pure and solid. It is about six inches in diameter, it is cut off when three or four

People who have been there declare it is pure tar. Mr. W. C. McMackin, among others, has been there. He says "it looks like tar, smells like tar, tastes like tar and, by Jupiter, it is tar."

inches have oozed out.

SOLDIERS' HOME.

The First Foldier is Provided For. The first old soldier has applied for admission to the Soldiers' Home. He is Mr. B. F. Taylor, of Rockingham. He belonged to Company G, 14th N. C. Regiment. He had no home -went to Durham and President Carr provided him with transportation to Raleigh. Mr. Stronach says that he will be provided

A Bad Cutting Affray.

Last night Thomas Jones and Hubert language was used, and some bad reside. Jones was taken to the station house and a physician summoned, who said that the wounds were not fatal. Warren is under arrest.

Washout Near Hamlet.

Last night about midnight forty-five feet of the R. & A. R. R., two miles north of Hamlet, were washed out by a freshet. Mr. Chas. A. Goodwin tells us that the train for Raleigh was delayed several hours by reason of the washout.

Attention! Health Officers!

(Special Cor. State Chronicle.) There is a lot in the same square, and within an easy stone throw of your office, that is constantly a most repulsive, dangerous place. If the inhabitants of this entire square, right here in the business part of the city, do not die of all sorts of fevers, or even cholera, it will be one of the wonders of the age. A lot in such a place must be cleansed not less than three times a week. Can any existing law require this? If not, please appeal for a new law. Officers have been spoken to about the constant neglect of this lot. This is the beginnning of a constant war, unless the lot is regularly cleansed.

LET THERE BE LIGHT.

And Let it Shine in the Back Yards as

Well as in the Streets. The question of lights in the city of A Pile of \$10 Gold Pieces 20 Feet Raleigh is now agitating our people, and it is proposed to do away with electric and substitute gas lights.

change may be made in the existing contract, we hope the board of alderman will not take the backward step of substituting gas for electric lights.

An electric light is a better protection against theft and burglary than a dozen policemen. Since electric lights were the electric lights which gas lights do Raleigh took a step forward when it

Warren got into a dispute on Exchange | substituted electric light for gas. Let us Place, near Denton's store. Some awful not go backward now. Gas is good enough for purely street purposes, and flections cast. Warren drew a knife suits pedestrians, if the lights are on and stabbed Jones eight times in the every corner in the city, but as a protection to property they cannot be compared to electric lights. Nor do we believe that the light is so good for ... destrians.

There ought to be no change in the present contract that would carry us back to gas light until the people of the city have had long notice of the proposed changes, and a chance to express their opinion.

A PLANK ROAD MOVE.

An Effort to Plank About 2,000 Feet of Hillsboro Street Beyond St. Mary's.

Hillsboro road and street is one of the most important and most used thoroughfares leading into Raleigh. The immense travel over it cuts it up fearfully and makes it "a hard road to travel" in the winter, particularly beyond St. Mary's, where there is a considerable depression. The citizens out there are thinking of improving about two thou-sand feet of this highway by making it a plank road for that distance. It will require about \$1,000 to do the work. Four citizens have already subscribed \$270, and others will be asked to chip in.

"Put a Nickel in the Slot."

Next week Raleigh will begin to "drop a nickel in the slot" on an extensive scale. Several electrical musical machines, or phonographs, will appear in The attractions in this department | the city for business. They will test Ruleigh's energy and enterprise. They will interest every business man in the city. There's no "wildcat" about this. It is plain and absolute.

Now let the people come out and see what they will do with it.

Rewards Offered for Criminals.

The Governor vesterday offered a reward of two hundred dollars for the apprehension of one Henry Crews, of New Hanover county, who has been convicted of arson. Also, a reward of one huftdred dollars for one Thomas Anderson, charged and convicted of bigamy.

Both of these criminals escaped from the penitentiary. Crews was in for twenty years, and Anderson for five passed through yesterday en route to the | They are now supposed to be the villians who are perpetrating highway robbery and other deviltry in and around Wil mington for some time past.
